Explaining Lockdown Extension to Children

Corona Virus has been making people sick

The virus is still out there spreading amongst people

So, schools, stores and offices will remain closed for 3 more weeks

Doctors and scientists are doing their best to help the sick people

We too can help the doctors and healthcare professionals

We will stay indoors for few more weeks

We will wash our hands regularly

We will eat healthy and exercise regularly

We will wear mask while going for walk outdoors and stay 6 ft away from others

We will stay healthy and keep the Coronavirus away
